Tenders submitted by any other means will not be considered.

The contracting authority may, for reasons of administrative efficiency, reject any tender submitted on time to the postal service but received, for any reason beyond the contracting authority's control, after the effective date of approval of the short-list report or of the evaluation report, if accepting tenders that were submitted on time but arrived late would considerably delay the evaluation procedure or jeopardise decisions already taken and notified.

Tenders must be submitted using the double envelope system, i.e., in an outer parcel or envelope containing two separate, sealed envelopes, one bearing the words 'Envelope A — Technical offer' and the other 'Envelope B — Financial offer'. All parts of the tender other than the financial offer must be submitted in Envelope A (i.e. including the tender submission form, statements of exclusivity and availability of the key experts and declarations).

The outer envelope should provide the following information:

- a) the address for submitting tenders indicated above;
- b) the reference code of the tender procedure (i.e. Green Inter-e-Mobility – CN1 – S.0 2.1 – SC 039 (08-914/4));
- c) the words 'Not to be opened before the tender-opening session' and 'Не отворај пред сесија за отворање на тендерот';
- d) the name of the tenderer.

The pages of the technical and financial offers must be numbered.
